PROFESSIONAL SUMMARY

Results-driven Performance Marketing Specialist with 4+ years managing Google Ads, Meta Ads, and Local Services Ads for lead generation and eCommerce businesses. Proven expertise in campaign restructuring, full-funnel conversion tracking, and data-led optimization that drives qualified pipeline. Experienced collaborating with agencies across legal, healthcare, real estate, and home services — building complete performance systems from campaign architecture to GTM, GA4, and landing page optimization.

PROFESSIONAL EXPERIENCE

Performance Marketing Specialist | Google & Meta Ads

Freelance / Remote — January 2021 – Present

- Architected and managed Google Ads (Search & Performance Max) and Meta Ads campaigns for lead generation and eCommerce, improving cost-per-lead and ROAS for agency and direct clients.
- Executed full account restructuring using STAG methodology — aligning keyword intent with ad messaging and landing pages to boost Quality Scores and reduce wasted spend.
- Implemented end-to-end conversion tracking via GTM and GA4, covering form submissions, click-to-call, lead forms, and offline conversions — resolving cross-platform attribution discrepancies.
- Launched and optimized Google Local Services Ads (LSA) in competitive home services and legal verticals, driving verified local leads at reduced CPL.
- Conducted comprehensive campaign audits identifying broad match abuse, tracking gaps, and keyword misalignment — translating findings into high-impact rebuild plans.
- Built segmented Performance Max asset groups tailored to distinct audience segments and service lines, improving campaign relevance and conversion rates.
- Developed retargeting campaigns across Google and Meta, re-engaging high-intent visitors to shorten sales cycles.
- Optimized landing pages and lead qualification flows using Elementor and Typeform, including GTM script installation within Laravel (master.blade.php) templates.
- Delivered regular performance reporting via Looker Studio dashboards, aligning paid media KPIs with client business goals.
